### **Boștină and Associates will provide legal and institutional advice on a notable environmental project to be developed in the counties of Cluj and Sălaj**

March the 22nd, 2011, Bucharest –Boștină and Associates will provide S.C. COMPANIA DE APĂ SOMEȘ S.A. with legal advice on an important environmental project to be developed in the counties of Cluj and Salaj and which is concerned with the rehabilitation of the water and sewage infrastructure of the Cluj- Sălaj area. S.C. COMPANIA DE APĂ SOMEȘ S.A. is the beneficiary of the abovementioned project.

Boștină and Associates will provide legal advice on the management of the project for the rehabilitation and expansion of the water and sewage infrastructure in the counties of Cluj and Sălaj. The project has been awarded by S.C. COMPANIA DE APĂ SOMEȘ S.A. and the advising legal team will be coordinated by Partner Cătălin Gîscan.

The project for the rehabilitation and expansion of the water and sewage infrastructure in the counties of Cluj-Sălaj is worth LEI 732,748,927, 85% of which is extended from the Cohesion Fund, 13% from the State budget and 2% from the local budget, respectively.
